Supplies/Materials for the Maintenance and Repair of Thirty-Three (33) units of OBM Evinrude of FRG

Section VII. Technical Specifications

STATEMENT OF COMPLIANCE TO TECHNICAL SPECIFICATIONS

The bidder must state in the last column opposite each parameter and required specifications either "Comply" or "Not Comply". All pages shall be properly signed. Bidders must state here either "Comply" or "Not Comply" against each of the individual parameters of each Specification stating the corresponding performance parameter of the equipment offered. Statements of "Comply" or "Not Comply" must be supported by evidence in a Bidders Bid and cross-referenced to that evidence. Evidence shall be in the form of manufacturer's un-amended sales literature, unconditional statements of specification and compliance issued by the manufacturer, samples, independent test data etc., as appropriate. A statement that is not supported by evidence or is subsequently found to be contradicted by the evidence presented will render the Bid under evaluation liable for rejection. A statement either in the Bidders statement of compliance or the supporting evidence that is found to be false either during Bid evaluation, post-qualification or the execution of the Contract may be regarded as fraudulent and render the Bidder or supplier liable for prosecution subject to the provisions of ITB Clause above goods manufactured by us.

The bidder must submit to the Authorized Representative of the HOPE and to the PN Technical Inspection and Acceptance Committee (TIAC) upon delivery and/or prior to the installation thereof the Certificate of Origin, Certificate of Warranty, and any of the following documents:

- a. OEM Certificate
- b. Certificate of Conformity
- c. Authentic Sales Invoice/Official Receipt/Bill of Lading/Import Documents authenticated by Bureau of Customs

CLARIFICATION AND SETTLEMENT OF CONFLICTING INTERPRETATION OF THE TECHNICAL SPECIFICATIONS

All clarifications regarding the technical specifications stipulated in this section will be clarified by the members of the Technical Working Group (TWG) of **Supplies/Materials for the Maintenance and Repair of Thirty-Three (33) units of OBM Evinrude of FRG**. In cases of conflicting interpretations, the nature and purpose of the equipment will be the basis of interpretation. The main basis for technical specifications and requirements is the nature and purpose of the equipment and its intended use as determined by the doctrinal application of the end-users represented herein by the Project Management Team.
